

Capability

LGE - Laser Guided Energy
DoD Ultra Short Pulse Technologies
Banshee Counter-IED

Additive Processes Technology 4.0 Optical Physics Atomic Level Transport

High Voltage Manufacturing 4.0 Medical Imaging JIN-Joint IED Neutralizer

LIDAR Perimeter Protection Internet of Things Electrical Energy Transport

Counter Vehicle Micro-Semiconductor Processing Advanced 3-D Printing

Remote Sensing High Voltage Directed Energy Weapons Counter Communications

Plasma Generation Bio-Chem-Identification/Neutralize/Detonation

Human Effects/Less Than Lethal Counter Electro-Optics Infrastructure Protection
