

## **Applied Energetics CEO Featured Panel Member at Laser World of Photonics Exhibition and Congress Held in Munich, Germany**

**Tucson, AZ, June 25, 2019 -- Applied Energetics, Inc.** (OTCQB: AERG), is pleased to announce that Gregory J. Quarles, Ph.D., President and Chief Executive Officer of Applied Energetics is a featured executive on several occasions at the 2019 LASER World of PHOTONICS, the leading photonics trade fair for components, systems, and applications. The events that Dr. Quarles has participated in included a panel with other CEO's and executives on Sunday, June 23, the Opening Welcome on Monday, June 24, 2019, and as a panel member for the upcoming Photonics Experts and Start-Up Awards Panel on Thursday, June 27. The Start-Up Awards panel will review the solutions presented by six emerging companies nominated as finalists at LASER World of PHOTONICS 2019.

LASER World of PHOTONICS is the world's leading exhibition and trade fair with a technical congress for Photonics Components, Systems and Application. This program is held every odd year in Munich, Germany and has been delivering a world-leading product for the past 45 years. In 2017, the LASER World of PHOTONICS Congress attracted nearly 33,000 visitors, including 1,290 exhibitors from 42 different countries. The technical program draws presentations and panels from nearly 6000 scientists, engineers, and industry executives, spread over 3,000 lectures and presentations.

This year's Exhibition Sectors include:

- Imaging
- Security
- Illumination and Energy
- Manufacturing Technology for Optics
- Biophotonics and Medical Engineering
- Lasers / Laser Systems for Production Engineering
- Imaging / Optics / Optoelectronics
- Measurement and Optical Measurement Systems
- Optical Information and Communication
- Start-up World (Entrepreneurial Ideas)
